"The exterior surfaces, window sashes and trim of the church and parish hall are in such urgent need of scraping and repainting, that to delay any longer will invite serious structural damage. With recent large increases in paint costs, we really need to exceed this goal."

COMMUNITY EVENTS

The Restoration Drive will be a churchwide and communitywide effort lasting 6 to 7 months. Virtually every organization within the church will spearhead community and social events aimed at raising various portions of the goal. The church's finance committee is helping to coordinate these activities, and reports that a number of events have already been planned and preliminary contributions have already been received.

APPEAL FOR CONTRIBUTIONS

"Within the next few weeks," Hathaway reported, "we will also make a direct appeal for contributions and pledges from all members and friends of the church. We will also

POLICE CAR CONTRACT AWARDED

The contract for two police cruisers was awarded to Ashley Ford on a bid of \$6610.00 provided all specifications are met and pending town meeting approval. Other bids were: Harbor Chrysler-Plymouth, \$5,865.00; and Staffin Chrysler-Plymouth, \$6637.00.

SEWER DISCUSSED

Francis Lynch, chairman of the Water Pollution Abatement Committee, discussed the proposal his committee has placed in the warrant with the Board of Selectmen. He explained that an extended business trip will place him out of town at Town meeting time. Winfield Jenney will explain the article to the townspeople and answer questions concerning it on the floor.

CABLE TV REPORT

The Cable TV Advisory Committee reported to the Board of Selectmen. As required by State law a decision must be made by May 9. The regional system proposed by Upper Cape Cablevision has been reduced by two towns, as Fairhaven and Bourne have declined the service. The regional concept leaves Mattapoisett, Marion and Wareham still to make a decision. Selectmen had advertised nationally to invite other Cable TV companies to participate. A six-months' extension will be requested from Mr. Jeffrey R. Forbes, executive director of Community Antenna Television Commission.

About Your Boat ...

Q. What is the best way to apply anti-fouling paint?

A.. All leading marine paint companies have anti-fouling paint systems for Fiberglass boats. In general, wash the bottom of a new boat with a strong solution of warm fresh water and kitchen soap or detergent and rinse thoroughly. Sand briskly with fine sandpaper to remove the surface glaze. Then proceed with the anti-fouling paint system selected.

At the end of the season clean the bottom thoroughly. Barnacles, grass, algae or scum are far easier to remove when they are alive and wet. Use a hard brush for scrubbing. If you use a scraper, be careful not to gouge the gel coat.

Zoning and Flood Proofing regulations. The Board of Selectmen said that they will support both articles.

GEORGE HALL SPEAKS ON WARRANT

George Hall, executive secretary to the Selectmen, met with and discussed all warrant articles with the members of the Mattapoisett Woman's Club last Wednesday.

BANK APPLICATION GRANTED

An application by the Plymouth Savings Bank for a special permit for an exception to the Zoning By-Law to extend the existing setbacks of the building located at 31 County

Road, Lot 195 and 194A on Plot 16 of the Mattapoisett Assessors' records was approved.

The Board of Appeals unanimously voted to grant the permit.

BICYCLE PATH EXPLORED

Mr. Malcolm Campbell, chairman of the bicycle committee, and representatives from the Woman's Club and Lions' Club, went to Boston Friday to discuss the possible acquisition of State and Federal funds for a bicycle path in Mattapoisett.

FLOOD INSURANCE DEADLINE

Mr. Goldstein, Federal Flood Insurance administrator in Washington, D.C. had advised the Board of Selectmen that, in the event that the Flood Insurance Program is not adopted by the town meeting, a 90-day deficiency notice will be given and 30 days after that the town will probably be suspended from the program.

OPERATION IDENTIFICATION

As Operation Identification gathers momentum across the country all reports coming into the Consumers Insurance Information Bureau show that the concept *does* prevent burglaries and *does* help police recover property that has been stolen. . . if the items are marked with the Operation Identification number.

Operation Identification is the consumers' protection program sponsored by the National Association of Insurance Agents which deters burglars by giving consumers a means to engrave a personal identification number on valuables. After carving his area coded telephone number on his TV set, camera, etc. the consumer places stickers on his house warning would-be thieves that the property is marked for positive identification.

'Cabaret' at Art Center

"Cabaret" is coming to Marion on the weekends of May 23, 24, 25, 29, 30 and June 1. Nancy Lee Gaucher directs the production which is based on the pre-war Berlin of 1930.

The story centers around the bawdy goings-on at the Kit Kat Klub and the divergent personalities who frequent it. A young American author, played by Allan Roderiques, becomes involved with Sally Bowles (Gretchen Riggs) to the backdrop of another romance between a Jewish fruit store owner (Paul Hart) and a German landlady (Karen Chase). The M.C. of the Klub (Bill Bradford) and his Kit Kat Kittens, the lovely chorus dancers, run a thread of musical connection throughout.

On the surface, at first glance, it appears frivolous and frenzied, and in the cabaret sequences it is all that and more. But the story scenes show us a different view....

IT'S HARD TO BE A FRIEND

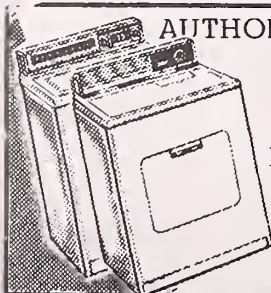

The Mattapoissett Public Library news says it is looking into ways of bringing library service to shut-ins and that they hope to reach local patrons of the library with this service.

How can the trustees start a service which already exists?

At the suggestion of the Board of Trustees, Friends of the Library began this service 3 years ago. With the help of Mrs. Putman, who sometimes delivered books herself, Carol Anderson and I performed this service. Many large print books were taken to the rest home. Anyone who was ill or unable to leave small children could have books delivered. We have 2 volunteers for next year and our plans were discussed in the presence of the trustees in January. We had planned to continue this service with the new librarian's help in choosing books.

We do not understand why when we began this program at the trustees' request, a duplicating program is necessary. To our knowledge the trustees have not withdrawn permission for our Friend's program.

Personal differences between trustees and Friends should not deprive townspeople of

Because of the ever-increasing number of bicycles on the road nowadays, having your bicycle inspected is almost as important as automobile inspections. For this reason, the Mattapoisett Woman's Club is sponsoring this program. The inspection is open to everyone, both adults and children at no cost to the participants. A sticker to be placed on your bicycle will be presented if it passes inspection. It is hoped that everyone will take advantage of this excellent opportunity.

A meeting was held last week by a group of Mattapoisett residents to discuss the planning and organization of a local recycling center.

Present were representatives of local groups, including the Woman's Club, Conservation Commission, Republican Club and the League of Women Voters. All the groups voiced support for the project.

The recycling group, Citizens for Ecology, is currently conducting a telephone survey to determine the attitudes of local residents about recycling.

Members of the Mattapoisett Grange enjoyed a Mystery Ride last Thursday night. The mystery was planned by the master and Mr. and Mrs. William Smith. The cars started at 5:15 P.M. from the Grange Hall with the first stop at the Great Hill Farm where we were welcomed by the gracious host, Mr. Waagen. A tour of the greenhouses, and seeing the most beautiful flowers and plants, was conducted by the host. It sure was enjoyable and breathtaking to both the young and the old. After a lingering goodnight and many words of appreciation to Mr. Waagen, the group started on its ride. Where did we end up but at the home of Mr. and Mrs. Smith (Bill and Cora), where we were served the most delicious dinner from fruit cocktail to a dreamy dessert, all this served by a most charming host and hostess. Immunization Clinics for pre-school and
school children are held at least twice a
year with co-ordination between the School
Nurse and the District Nurses.

Tuberculosis control is done by prevention,
screening and follow-up on those who are on
preventive medicine or who have been treat-
ed for the disease.

One of our newer areas is in Chronic Dis-
ease Control. This is being done by monthly
Senior Citizen Clinics, Screening Clinics,
such as diabetes and home care programs.

Rehabilitation is done by bedside nursing,
physical therapy or speech therapy, instruc-
tion to the family and as the nurse acting as
liason between rehabilitation personnel, the
community, the patient and the doctor.

Mental Health is essential to everyone.
The nurses evaluate, support the family and
follow-up family care. They are knowledgeable
of and use community resources. They counsel
on a nursing level and co-ordinate with Com-
munity Mental Health Nurses from Taunton
State Hospital.

Help is given in the areas of drug addiction
and alcoholism when needed.

NATIONAL HOSPITAL WEEK

Tobey Hospital is joining the nation's more than 7,000 hospitals observing National Hospital Week, May 12-18.

This is an annual event sponsored by the American Hospital Association to create public interest in and support the accomplishments and goals of our health care institutions.

With the theme of this year's observance, "Get to know us before you need us," hospitals are asking the public to become better informed about the growing responsibilities health care institutions are assuming, and the challenges they face in meeting increasing demands for their services in a time of rapid social and economic change.

In the days of Florence Nightingale, hospitals were little more than resting places for the sick poor. Since then they have evolved into complex health care institutions.

We now go into a hospital expecting not just to be tended to, but to be healed and to have our lives saved with "tender, loving care". Beyond caring for our physical ills, hospitals are concerned more and more about the social, psychological and economic problems created by our illnesses.

We look to our larger hospitals to be research centers and also to educate the health care professionals of the future.

We have come to take for granted that hospitals serve not only those in bed, but also those whose health care needs can be met in outpatient clinics. We expect hospitals to help us stay well, or to help us detect problems before they become serious through

community health education programs and screening clinics. We look to our hospitals to help care for us when we are well enough to go home, to meet all our medical emergencies, day and night, and to serve as a center for preparedness in times of widespread disasters.

This is an era when people regard it as the right of every citizen to have quality health care, and when we are more critical of rising costs of modern health care services and the way they are provided and paid for.

We encourage every citizen of this community to answer the call of National Hospital Week "to get to know" his or her hospital.
